33 **PUBLIC COMMENT**

34

35 Rena Waterson said a request was made at the January 27, 2004 meeting to have the
36 Council place on an upcoming agenda a ballot measure to change the San Ramon
37 elections to even-years. She said the proposal would have the election in 2005 and those
38 elected, both Councilmembers and the Mayor would serve until 2008 and those
39 Councilmembers elected in 2003 would serve until 2006. The only argument that has
40 been heard against the proposal is the perceived lack of focus of the voters in an even-
41 year election when there are a greater number of issues on the ballot. She said the
42 savings by going to even-year elections could help with the City's projected budget
43 shortfall.

44

45 Michelle Cowles announced the "Friends of San Ramon" had launched its own web site.
46 She said the Friends of San Ramon organization was a resource for residents.
