

Please make it a priority to attend with your family and friends to express your love of Tassajara Valley and opposition to the proposed cemetery

## Tassajara Ridge Hike in Hidden Valley Open Space

**Time: August 16<sup>th</sup>, 2014 (Saturday) 9AM-12PM**

**Location: Park across from 2187 Longleaf Circle, San Ramon CA**

**Leader: Phil O'Loane (San Ramon Vice Mayor) and Save-Mount-Diablo**

- Do you want to live near what would be “the largest private cemetery in East Bay”, with 100,000-140,000 buries (more than the population of San Ramon & Danville)?
- Do you want your home property value to rapidly erode?
- Do you want the charm of your neighborhood to be spoiled?
- Do you want your children and family to see funeral processions daily along your streets?
- Do you want to add the traffic congestion in your streets, especially when dropping off and picking up your children at school?
- Do you want to encourage the development of more cemeteries in Tassajara Valley in the future, creating a second Colma?
- Do you want the Tassajara Valley’s underground water resources to be permanently depleted by the cemetery’s unsustainable demand for water, destroying natural habitats?
- Are we paying the Mello-Roos tax (higher tax rate of ~1.7%) for all of the above?
