Dear pod (Alyssa),

Please do set up that meeting, at which time we can share our thoughts and decide on a direction. Thanks! Jennifer

Jennifer - I think you will need to schedule a meeting to get the info you are looking for from other members. Deborah

Hi Alyssa,

I just received the "packet" from Mr. Sid Corrie, and I have to say I'm extremely disappointed. He includes a cover letter, curt responses to our questions, and several glossies of places unknown. What I heard the Committee say it needs, is:

1. A firm development plan, including phasing/timing
2. Reports from all agencies which pertain to this development proposal
3. Assurance from Contra Costa County that this is a proposal which has been considered
4. Priority level for Contra Costa County consideration
5. A picture of investments/ownership rights to show economic feasibility
6. Resolution re water issues
7. Any other disclosures that need be made

My take would be to share this information with committee members, and entertain discussion via e-mail. So, I would offer and ask: does anyone else feel as I do? My sense is we need to hammer out realistic questions and answers, and let this guy know that, if solid answers are not forthcoming, we're not supportive, and we'll be looking elsewhere. Do we need a meeting, or can we agree upon some direction, or need we formulate a simple response, with a timeline?

I would request that we send out this note to all members of the Committee, gather responses, and go from there. Let me know what you think. Jennifer
